WELCOME!

THE ARIZONA CITY CHAMBER OF COMMERCE WELCOMES YOU!

Arizona City was founded in 1959 with a 2.5 acre purchase. The site was selected because of the abundance of deep water from the Santa Cruz River. In 1960, Arizona City was promoted as "The Newest Model City in the U.S.A."

Today, Arizona City is 6.2 square miles and remains a census-designated place in Pinal County. While not the newest model city in 2026, it is a good place to live, raise a family and enjoy the Sonoran desert climate.

The Arizona City Chamber of Commerce was formed in the 1960's and remains in place today. Though the founders' initial vision that Arizona City and the Chamber of Commerce be a big city operation has not come to pass, our community continues to grow and welcome new residents.

While the internet has become a daily source of information, the office of the Arizona City Chamber of Commerce is always ready to answer any questions, provide information and assistance to anyone who reaches out. You will find brochures, resource directories and smiling faces when you go to the Chamber office at 13640 S. Sunland Gin Road.

Our website, arizonacitychamberofcommerce.com and email, info@arizonacitychamberofcommerce, as well as our Facebook page, are additional resources to stay informed not only on Chamber happenings but our members events as well.

The Arizona City Chamber of Commerce is happy to bring this community and business directory to you for your review and reference. We look forward to continuing to serve Arizona City with monthly luncheons and providing information and resources to our members and residents.

PINAL COUNTY: ARIZONA'S NEXT GROWTH CORRIDOR

Pinal County is rapidly emerging as one of Arizona's most important regions for economic growth and opportunity. Strategically located between the Phoenix and Tucson metropolitan areas, the county sits directly along the Interstate 10 corridor—one of the most critical transportation and commerce routes in the Southwest. This location places Pinal County at the center of expanding regional investment, new job creation, and business development.

As Arizona continues to grow, the I-10 corridor through Pinal County is becoming a major economic engine for the state. The region has seen significant growth in advanced manufacturing, logistics, technology, and supply chain industries. With access to major transportation infrastructure, available land for development, and a growing workforce, Pinal County provides businesses with the space and connectivity needed to expand and thrive.

Communities along the corridor are positioned to benefit from this growth, including Arizona City, which offers convenient access to the I-10 corridor and nearby employment centers such as Casa Grande and the broader Phoenix-Tucson

megaregion. Arizona City provides residents and businesses with a unique combination of accessibility, affordability, and community character, making it an attractive location for future residential and commercial development.

Pinal County continues to support this momentum through investments in infrastructure, public services, and community facilities. The Pinal County Library and Community Center in Arizona City, which opened in 2023, serves as an important hub for education, community programming, and public engagement while supporting the continued growth of the community.

As one of Arizona's fastest-growing counties, Pinal County is committed to working with local communities, businesses, and regional partners to ensure responsible growth and long-term economic success. With its strategic location, expanding infrastructure, and strong community partnerships, Pinal County—and communities like Arizona City—are positioned to play a key role in the future of Arizona's economic development.

A WORD FROM SUPERVISOR JEFFREY McCLURE

As a candidate for County Supervisor in 2020, I saw something special in Arizona City. I recognized significant opportunities for Pinal County to invest resources and improve the overall quality of life for its residents. When I took office in 2021, I hit the ground running to fulfill the ideas and commitments I made during my campaign.

Within my first year, we began improving local roads and developing plans to expand the community's small library. Those efforts ultimately exceeded our expectations. In July 2023, the Pinal County Library and Community Center in Arizona City officially opened, providing a modern facility that now serves as a vital meeting space and hub for a wide range of community needs.

Beyond this landmark project, important road and infrastructure improvements have been supported and completed throughout Arizona City. Many of these efforts occurred during the challenges of the COVID-19 pandemic,

yet Pinal County remained committed to delivering the development and investment the community needed and deserved. I have also proudly supported community events through partnerships with the fire department, local organizations, and churches.

I value every opportunity to visit with the residents of Arizona City and hear their concerns firsthand. During the 2022 redistricting process, I strongly advocated for keeping Arizona City within my district because its residents' needs matter. Arizona City has been, and will continue to be, a top priority for me. It is an honor to represent the people and community of Arizona City.

A MESSAGE TO THE ARIZONA CITY COMMUNITY

On behalf of the men and women of the Pinal County Sheriff's Office, I am honored to serve the residents, businesses, and visitors of Arizona City. As part of Pinal County, Arizona City plays an important role in one of the fastest growing regions in our state, and we are committed to helping it remain safe, welcoming, and prosperous.

Public safety is something we all share. We truly value our partnership with the Arizona City Chamber of Commerce because strong relationships between law enforcement, businesses, and residents make a real difference. When we work together, we create a community where businesses succeed and families feel secure.

The Pinal County Sheriff's Office serves more than 500,000 residents across a county about the size of Connecticut. Our team includes more than 500 employees, with over 200 sworn deputies dedicated to protecting our communities. In Arizona City, our deputies are out every day conducting patrols, responding to calls, investigating crimes, and connecting with residents and business owners.

Traffic safety is also a priority for us. Safe streets support daily life and local commerce. Through focused enforcement and public education, we work to reduce collisions and

encourage responsible driving habits that keep everyone safe.

We continue to invest in modern technology and specialized resources so we can respond quickly, operate efficiently, and maintain transparency with the public.

I took office as the 25th Sheriff of Pinal County on January 1, 2025, after years of service in the Navy, the Arizona Department of Corrections, and this agency. I remain committed to upholding the Constitutions of the United States and the State of Arizona while protecting the rights and freedoms of every citizen.

Arizona City has a strong sense of community, and we are proud to stand alongside you in keeping it safe.

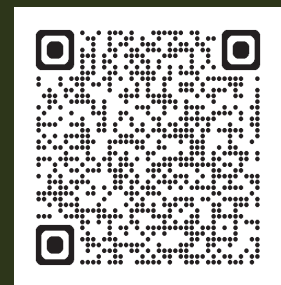

Sincerely,
Sheriff Ross Teeple

Our community currently has a year-round population of approximately 15-16,000 residents however during the winter months the population increases with seasonal residents that come to enjoy our Sonoran Desert climate.

While Arizona City maintains a small- town feel it provides a public library, an 18- hole golf course, several restaurants, K-8 schools, a Boys & Girls Club, day care and a post office. There is a private residential lake that allows for peaceful views as you drive around the lake.

Arizona City also offers several convenience stores, a grocery store, churches of many different denominations, a full- time fire department and a sheriff sub-station. Several options

for health care are available in Arizona City, Desert Senita Community Healthcare offers a full service clinic including dental and pharmacy and ABC Family Healthcare offers family healthcare as well as med spa options. Both Casa Grande and Eloy have hospitals within 15 miles of Arizona City.

DID YOU KNOW...

- ★ The driving force behind the development of Arizona City was its water! Surveys have shown that in certain areas in the Santa Cruz Valley, close to the Sawtooth Mountains, southwest of Arizona City, there existed an abundance of deep water. The source of the water is the Santa Cruz River, which flows north from Mexico, one of the few in North America that do.
- ★ The first Arizona City Post Office was established on April 1, 1962.
- ★ Arizona City was first listed on an Arizona State Highway map in 1963 by Rand McNally.
- ★ Arizona City has over 300 sunny days each year.
- ★ There are several concrete Corona Satellite Program calibration targets remaining in Arizona City from the Cold War era.
- ★ Arizona City is bordered by three tribal reservations: Tohono O’odham Reservation, Ak-Chin Tribal Community and the Gila River Indian Community.

PLACES OF WORSHIP

Finding a new church often takes a great deal of patience and can be a difficult experience. This can be an especially time consuming experience if you've moved to a new community. Arizona City is home to a variety of churches serving many different denominations.

Most churches are happy to provide you with information about how the church got started, doctrinal beliefs, a statement of faith and information about their ministries and

outreach programs to help you in your search. You can also speak with the pastor or a member of the congregation to find out if the church is a good fit for you and your family.

We've put together a list of local churches to help you find the perfect church. A lot of the Chamber Board Members and Volunteers are involved with various local churches and are also happy to help in any way they can.

FIRST BAPTIST CHURCH COMMUNITY PLAYGROUND

Driving down Sunland Gin, you'll hear basketballs bouncing and kids playing in the park. It is the only public park in all of Arizona City. The First Baptist Church in Arizona City owns and maintains the park. In 1962, the Arizona Land Commission deeded 5 acres of choice land on the main street running through unincorporated Arizona City to Southern Baptist Pastor Morris Mulkey on one condition - that a church building would begin construction within 6 months. Pastor Mulkey kept his promise and First Baptist Church of Arizona City (FBC) was organized under the Arizona Southern Baptist Church Convention, a 501c3 IRS organization, and began construction on its first building in May 1963. From the beginning and continuing today, the church exists to promote spiritual support and help meet practical needs of our community. As the population of Arizona City grew, it became necessary to build an elementary school. The best suited land for the school was also home to the only public park. Developers promised to try to relocate the park, but with time and money quickly fleeing, the only place in Arizona City for families to gather for recreation was never relocated.

First Baptist Church had a vision to be a community partner from its beginning. In the early 1970's several pieces of playground equipment were installed on approximately two acres. With no fences or gates surrounding it, the community was welcome to use it year-round. Today, the original equipment still serves the community. Today the church is a healthy organization with over 50 members. New programs have been started to meet needs in Arizona City like Carols in the Park and Faith and Flavor Fest. These programs are offered to the community, free of charge, regardless of attendance or membership to the church.

A playground committee was formed in 2016 to begin the work of refurbishing and revitalizing the playground. The changes brought a picnic area, soccer field, additions to the kids' area, basketball court and volleyball court. we aren't done yet! We hope to add more to the playground and possibly a pickleball court. There are more pieces to be added as funds become available.

You are invited to be a part of this playground project too. No donation is too small to play a big part in making our park into something beautiful and useful for our community. There is no timeline to accomplish this endeavor, but we are committed to making it debt free. And so, as the funds are available more improvements will be made.

PARADISE LAKE

Paradise Lake is a 48 acre man-made lake nestled in the heart of Arizona City. Developed in 1969, it is the biggest residential private lake in Pinal County, complete with a mega fountain at the center. Lake residents fish, boat and sail from their own backyard. Boats are limited to electric motors. Wildlife seen on the lake include various types of fish, turtles, ducks, geese, owls, pelicans, seagulls and more. This man-made lake is supplied solely by groundwater. To this day the lake is maintained by the Paradise Lake Association (PLA) which is a nonprofit group comprised of members who are owners of homes or vacant properties on the lake.

PICACHO PEAK STATE PARK

Visitors and residents traveling along the I-10 in southern Arizona can't miss the prominent 1,500 foot peak of **Picacho Peak State Park**. The Picacho Peak State Park first acquired land in 1966 with an initial purchase of 640 acres. However, since then it has acquired an additional 3,107 acres totaling 3,747 acres to date. Enjoy the weather as you hike the trails that wind up the peak as you overlook a sea of wildflowers, predominately Mexican Gold Poppies, in the spring. The park and surrounding area is known for its unique geological significance, outstanding and varied desert growth, and historical importance. Picacho Peak's most noted historic event occurred on April 15, 1862, when Confederate and Union scouting parties met in the Battle of Picacho Pass during the Civil War. The park offers a natural habitat for many animals found in the Sonoran Desert which includes many species of mammals, reptiles, birds and invertebrates as well. Picacho Peak State Park is open year round and offers hiking, picnic/shelter areas, playgrounds, grills, showers/restrooms, RV and campground, four ramadas, visitor center with exhibits, a gift shop and more. Before you hike or spend the day at the park make sure you are prepared with enough water, proper footwear and remember to be safe, especially in the summer.
